MAHINDRA LIFESPACES

Mahindra Lifespaces is the real estate arm of the US \$14.4bn Mahindra Group. The group has a presence across 100 countries with over 1,37,000 employees.

Mahindra Lifespace Developers Ltd has so far developed residential projects spanning 6.4 million sq feet in major cities like Mumbai, New Delhi, Faridabad, Gurgaon, Chennai and Pune. This pioneering concept is reflected in each of its developments; be it residential projects or integrated cities like the Mahindra World City, where the concept of 'work-live-learn-play' comes alive.

Now Mahindra Lifespaces brings Bloomdale in Nag-pur, a residential project jointly developed by Mahindra Bebanco Developers Ltd and B.E. Billimoria Co. Ltd that reflects the company's continuing commitment to nurture healthy spaces and foster a sense of belonging.
